

Ready for the best steak you've ever eaten?

You and your spouse or significant other are invited to attend a 1st annual "Meeting of the Minds" Friday evening, March 16th at 5:00 PM.

This dinner meeting is designed as a networking event to meet and get to know other show ski club Presidents and to share ideas with others while attending Think Tank 2007.

Kaminski Bros. Chop House has been chosen for this event and is located on the second floor of the Chula Vista Conference Center overlooking the historic Wisconsin River.

Please bring a best practice or two that you believe would benefit other clubs. Is it a new fundraiser? Or, have you learned of a better way to collaborate with your community or local municipality? What are your main items of concern with continuing the tradition of show skiing? We'll take a few minutes (maximum) from each attendee who wishes to share their idea or ideas. Then, if you are interested in hearing more on a particular idea that is shared, plan more time with that person later during Think Tank.

We have made arrangements with Kaminski Bros. for separate dinner checks. Although this restaurant offers a fine-dining atmosphere, we have been assured we will be welcomed if we choose to dress casual.
