

MRSSA meeting highlights from the summer meeting on 7/27/2024. It should be noted that these highlights are not the full minutes and have not been approved. The full minutes will be emailed to your club representative with information regarding the Fall meeting (where they will be voted on) which will be held on September 29th, 2024 in Albert Lea, MN.

- MRSSA is now incorporated in Iowa instead of Minnesota due to being cheaper and easier to report
- Auto renew on USA waterski for membership does not function well as it will take your payment but you are still not renewed as you need to go in and resign all of your waivers before you are fully renewed.
- As your members turn 18, remember they need to do Safe sport and they fall off of the family USA waterski membership - there is not safe sport grace period for this whereas if they are current members they have a 30 day grace period.
- Parents are able to contact USA Waterski and safe sport so that their child can do it early. You can email compliance@usawaterski.com for help.
- We place skiing time for teams for the tournament based on their score at the prior tournament currently. A team can petition to move to a different time slot. This would need to be done at the spring meeting when the running order is set.
- If you have any Fall agenda items send them to JoJo at jjohanningmeier@aol.com
- Bids will be taken for the 2026 regional tournament at the Fall meeting as well
